VISITS THE EXPOSITION

PRESIDENT ROOSEVELT THE
GUEST OF THE SOUTH
CAROLINA FAIR.

ENTHUSIASM IS UNBOUNDED

Chief Executive Participates in a Big Parade, Delivers an Address and Presents a Sword to the Major of His Old Regiment—Says It Is Impossible to Do Justice to Southern Hospitality.

Charleston, S. C., April 10.—Greeted and honored by manifestations of the respect and esteem of enthusiastic thousands, President Roosevelt was the guest of the South Carolina Interstate and West Indian exposition during the day. The weather was ideal. The event of the day began with a grand procession through the streets of Charleston after which there were speeches in the auditorium, the presentation of a sword by the president to Major Micah Jenkins, a luncheon at the Woman's building, and inspection of the grounds and buildings. The enthusiasm of the people was unbounded and there was standing room only on the sidewalks and porches and doorways and in the wide piazzas of the houses along the line of march.

The parade started from the St. John hotel, the president's quarters, at 10 o'clock, and was composed of marines, seamen, cadets, artillerymen and militiamen of four states under command of Colonel Charles Morris, U. S. A., of the garrison at Sullivan's Island. The route was along Queen, Meeting, Calhoun, Rutledge and Grove streets to the exposition grounds and time after time the president stood in his carriage and acknowledge with a smile and bow the enthusiastic plaudits of the people. A tally-ho containing members of Charleston's Harvard alumni, decked with the college colors, greeted the president with the college yell. Arriving at the exposition grounds the president reviewed the troops from a stand near the auditorium. Mrs. Roosevelt stood at the president's left and near by were Mayor Smyth, Captain Wagener, Governor McSweeney, Governor Aycock and others. The president was particularly pleased with the appearance and march of the jackies and made several complimentary remarks as various state troops passed before him.

Was the Center of Attraction. When the president entered the auditorium he bowed and smiled his acknowledgments to the cheering which greeted him from 10,000 throats. Flags and bunting were draped within the building and a dais erected for Mr. Roosevelt was covered with a large flag. The audience heard the speakers with attentive appreciation and cheered to the echo many of the sentiments expressed, but the president was the center of attraction at all times. President Roosevelt's incisive clear-cut words never fell on more attentive ears.

At the conclusion of the president's speech, President Wagener announced that the friends and admirers of Major Jenkins in South Carolina wished to present a sword to him on this occasion and introduced Governor Thompson to the audience. Governor Thompson in a happy speech turned the sword over to President Roosevelt, who in turn presented it to Major Jenkins.

After the exercises in the auditorium the president and his party made an inspection of the different buildings and viewed all the exhibits they could see in the limited time at their command. Before the inspection all the buildings were cleared of visitors as far as possible by the United States marines. Guards were at the doors of buildings and while the president was in a building no one was allowed to enter.

A luncheon at the Woman's building was the closing event in the president's visit. Mrs. Sarah Calhoun Simmonds, the president of the Woman's building, proposed the health of the president, who in turn toasted "the men and women of Charleston." He said that he had enjoyed every minute of his stay, that it was impossible to do justice to the hospitality of Charleston, adding: "I mean every word that I say."

Called the President "Teddy."

After the luncheon was over the president, Mrs. Roosevelt and a small party visited the art exhibition. A visit was then paid to the New York building. The short ride to this building gave the crowds another opportunity of seeing the president. A few addressed him familiarly as "Teddy," which brought a laugh from both the president and Mrs. Roosevelt, who were riding together. After a short tour through the New York building, during which the president and Mrs. Roosevelt registered, the carriage was driven to the Southern railway station, and the trip to Summerville, as the guests of Captain Wagener, was begun.

The train arrived at Summerville shortly after 6 o'clock and the president and Mrs. Roosevelt and other members of the party were driven directly to the Pine Forest Inn. On the trip from Charleston to Summerville a picked company of marines, under the command of Captain Henry Leonard,

acted as a body guard and will remain at Summerville until the president's departure.

A banquet was tendered to the president at the Summerville inn by Captain Wagener. Only the president's party and a few specially invited guests, numbering, all told, 90 persons, were present. The affair was more of a private dinner than a banquet, and as the guests had had a busy day they were not put to the fatigue of changing dress. In the morning the party will drive through the pine forest and a visit will be made to the tea farm.

REMARKABLE DEMONSTRATION.

Entire Population of Bulawayo Walks Behind Cecil Rhodes' Coffin.

Bulawayo, Matabeleland, April 10.—After an impressive service held at the drill hall by the bishop of Mashonaland the coffin containing the remains of Cecil Rhodes started on the last stage of its journey to the Matoppos hills.

At the service there occurred a remarkable demonstration of sorrow in which the whole surrounding country participated. Hundreds of persons were turned away from the drill hall, which was crowded to its utmost capacity and thousands of voices in and around the building took up the funeral anthem. The streets through which the funeral procession passed were lined with troops and everybody fell in behind the coffin as soon as the cortège left the town limits. The entire population of Bulawayo took part in the possession, leaving the town deserted.

The body will pass the night in a hut on the summit of the Matoppos hills in which Cecil Rhodes once lived.

TO DO UP LENTZ.

Ohio House Makes Changes in the Ex. Congressman's District.

Columbus O., April 10.—The house has passed the congressional redistricting bill, after amending it by taking Fairfield county, which has a normal Democratic plurality of about 1,500 from the Twelfth district, and adding it to the Eleventh, General Grosvenor's district. This leaves Franklin county which is nominally Republican by a small majority, to constitute the Twelfth district. One of the arguments used by Republicans in favor of the change was that it would prevent the return to congress of John J. Lentz, who was defeated for re-election by Emmett Thompson two years ago by 18 votes. No other districts are changed.

SHAFER DENIES RUMOR.

Says He Is Not a Candidate for Governor of California.

Bakersfield, Cal., April 10.—Referring to the rumor that he will be a candidate for governor of California, before the coming Republican convention Major General Shafter said:

"I have no intention of trying for the office or the nomination. This has all come about through a letter written to me by one of my old army friends, stating that I was talked of as a candidate for the nomination.

"Many of my army friends would be glad to see me in the gubernatorial chair, but I must disappoint them. I would not relinquish my position on the retired list to accept the governorship."

EVACUATION NEXT.

Powers to Vacate Tien Tsin and Russia to Leave Niu Chwang.

Washington, April 10.—A cablegram received at the state department from Mr. Bainbridge, the second secretary of legislation at Peking, confirms the news report of the signing of the Manchurian convention at Pekin by representatives of the Russian and Chinese governments.

The next step in the Chinese matter is the evacuation by the powers of Tien Tsin, and Russia has promised that when this is done she will evacuate the important Manchurian treaty port of Niu Chwang. It is hoped that these things will be well on toward accomplishment by next summer.

Favor War Department Bill.

Washington, April 10.—Lieutenant General Schofield, retired, made an argument before the senate committee on military affairs in support of the war department bill for the creation of a general staff and the consolidation of the supply divisions of the department, saying that the bill was in the interest both of economy and efficiency. General Merritt, retired, who also was present, endorsed all that General Schofield said.

Clyde Feit Pleads Not Guilty.

Salt Lake City, April 10.—Clyde Feit, the 15-year-old boy who admitted to the police that he cut the throat of Samuel Collins at the latter's solicitation, has pleaded not guilty of murder in the second degree. Preliminary examination was waived and Feit was remanded to the custody of the sheriff. It is stated that the defense will probably be temporary in nature.

Trouble Thought to Be Over.

Kingston, Jamaica, April 10.—The police at Montego Bay are still making numerous arrests of rioters. Blue jackets from the British cruiser, Tribune, are frequently landed to support the police. No more fighting has been reported and the government officials think the trouble is over.

Talmage's Condition Very Grave.

Washington April 10.—Dr. Talmage has been most of the day unconscious and his present condition is very grave. The prevailing symptoms in his case have been aggravated by congestion of the brain which a consultation of physicians has determined now exists.

No Truth in Report that Rochester and Pittsburg Mines Have Closed.

Dubois, Pa., April 10.—There has been considerable activity among the striking miners the past two days, but nothing has been done to warrant any excitement. A mass meeting was announced to be held at Reynoldsburg but there was no hall large enough and the weather was too cold and stormy for an open air gathering. It was accordingly postponed indefinitely. A relief committee has been appointed at London mine to look after those who are likely to become destitute. The local officials say they are able to care for those needing assistance for some time.

The report sent out from Pittsburg that the Rochester and Pittsburg Coal and Iron company have given orders to close their mines, and that it means idleness during the summer, is without foundation. No such orders have been issued and are not contemplated at this time. No notice has been given to the miners to seek work elsewhere nor that when work begins again the company will recognize only non-union men.

MOST BRUTAL MURDER.

Young Girl Stabbed and Beaten to Death on the Streets of Detroit.

Detroit, Mich., April 10.—Just before midnight the most brutal murder of recent years in this city was committed on Thirteenth street, between Antietam and McGraw streets. A young girl who has not yet been identified, was stabbed and pounded to death. Her throat was cut from ear to ear, a knife was thrust into her brain behind the ear, and a dent in her forehead showed that she had been clubbed. A resident of the neighborhood, Harry Jewell, heard cries and screams, and looking out, saw a man striking a girl down. After felling her and running away a short distance, Jewell says the assailant turned again and renewed his attack on her prostrated body. Jewell notified the police, who found the girl dead. She was apparently a working girl. Several people residing in the vicinity of the murder were taken to the morgue by the police but none of them could identify the body.

FEARED HE WOULD BEAT HER.

Oklahoma Woman Drives a Nail Into Her Husband's Head.

Wellington, Kan., April 10.—In Grant county O. T., just across the line from here, Mrs. Peoples, a Bohemian, is reported to have killed her husband by driving a nail into his head. Peoples, who was a farmer, went home drunk, beat his wife and after ordering her to get supper, went to sleep with his head leaning against a pine partition. When supper was ready the woman tried to waken him but failed. Fearing that he would beat her again when he awoke for not calling him, she drove a nail through from the other side of the partition into the man's head, killing him. She made no attempt to escape.

Miss Morrison Out on Bail.

Eldorado, Kan., April 10.—After imprisonment eight months in the county jail, Jessie Morrison, awaiting her third trial for the murder of Mrs. Olin Castle, has been released on \$10,000 bond. There were four signers to the bond who qualified for \$50,000.

Killed in a Saloon Row.

Sioux City, Ia., April 10.—Louis Mass, an insurance solicitor, was killed in a quarrel which occurred in a saloon. No arrests have been made as yet.

General Grosvenor Nominated.

Athens, O., April 10.—The Republican congressional district convention held here nominated Hon. Charles H. Grosvenor by acclamation for congress from the Eleventh district. General Grosvenor made an address accepting the nomination.

The citizens of Rochester to the number of about 100 have organized a sportsmen's club which has as its purpose the stringent enforcement of the game laws.

The preliminary arrangements for the eighth annual tournament of the Northern Minnesota Firemen's Tournament Association are now under way. The tournament will be held in Cass Lake in June. C. E. Lee-man, of Cass Lake, president of the association, has just appointed his executive committee, the members of which will be the chiefs of the fire departments of the towns which are members of the association.

George Ladue and John Berry, "big milt" men, are charged with murder in the first degree at Bemidji. Facts point toward their guilt in robbing Eugene McGlauchlin and drugging him. McGlauchlin died very suddenly and it was thought he was poisoned. An autopsy was held and the stomach was sent to the state laboratory for examination. Ladue fled to Crookston, where he was captured.

EDITOR DISPATCH:

As many of my friends wish to know how I came out with Dr. Arons, or Bonesetter, of West Superior, Wis., who was treating my little boy for his hip joint disease before his death from typhoid fever, I take this means of informing them. I notified him of my boy's sickness and later of his death, when we received a beautiful letter from him of condolence and sympathy with us, and cheerfully tendering to us every dollar that we had paid him. We have every confidence in the Bonesetter's skill and integrity, for he has been tenderly kind to us, and honorably fair and honest, and I cheerfully recommend all who are crippled to go and see him. *To see is to believe.* He will treat you as he has treated us, and may God bless him in his noble work for crippled humanity.

"A HELPING HAND"

Is Gladly Extended by a Brainerd Citizen.

There are many enthusiastic citizens in Brainerd prepared to tell their experience for the public good. Testimony from such a source is the best of evidence and will prove a "helping hand" to scores of readers. Read the following statement:

Mrs. Moses Derocher, of 127, Seventh street south, says: "Low down in the small part of my back there was a pain very distressing, by spells becoming much worse and causing me discomfort, to say the least. My husband bought me a box of Doan's Kidney Pills at the nearest drug store and I started taking them. The medicines which I had used failed to help me, but I can truthfully bear witness that Doan's Kidney Pills relieved my backache entirely, and corrected a disorder of the kidneys which accompanied the backache."

Sold for 50 cents a box, at the McFadden Drug Co., H. P. Dunn & Co., and all druggists. Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

OFF FOR CHRISTMAS ISLAND

Much Mystery About the Gunboat Mohican's Cruise.

The cruiser Mohican has been sent to Christmas Island, but why she has been sent is kept a secret. Indeed so carefully had the fact of the cruiser's orders been concealed that she had got well on her way to her destination before the news filtered out.

The island, which lies in the Indian ocean, has only recently come into public notice and has always been one of more or less mystery. It lies across the line of the Dutch and British zones of control, but is understood to have been absorbed by England some few years ago.

Two partially plausible reasons are unofficially given for the Mohican's cruise—one that she is commissioned to obtain if possible a coal station on the island, the other that it may be to secure a cable station.

The Mohican started out from San Francisco two or three months ago and will not return until next September. She is a six gun cruiser and has on board, besides her crew, a complement of landsmen, all under command of Commander Albert R. Condon.

SORENSEN-OLSON.

Mr. August Sorenson and Miss Emma Matilda Olson United in Marriage Last Night.

Last night Rev. M. L. Hutton, of the First Congregational church spoke the words that united in marriage Mr. August Sorenson and Miss Emma Matilda Olson. The ceremony took place at the home of the bride's parents, Mr. and Mrs. A. Olson on Bluff avenue, being attended by relatives and a few intimate friends only.

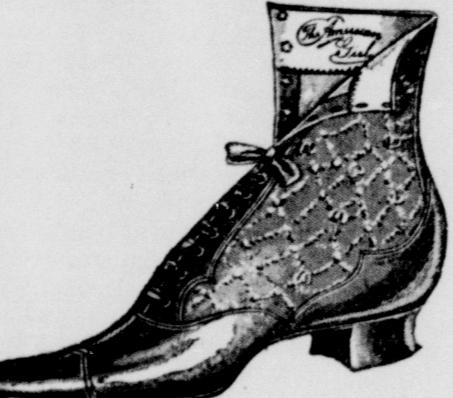

The bridegroom is a popular jeweler in this city and is well known among the business men. The bride is well known in this city and has been in the employ of the Red Stamp Company for a time.

The wedding, while of a private nature, was quite an elaborate affair. The Brainerd Marine Band was engaged for the occasion and they rendered some good music.

In Police Court.

Fred Pratt was before Judge Blewitt this morning charged with misappropriating a time check, E. F. Atwood being the complaining witness. The matter was adjourned until tomorrow morning.

This afternoon Potter Germain was in police court charged with swiping a gun from Ed Peterson. The gun, however, was found just as the case was going to trial, where it was first put and the case was dismissed. The police, however, filed a complaint of vagrancy against Germain and the judge whacked it to him for a fiver just for luck. Germain's occupation is said to be that of piano player.

Cloudy tonight. Colder Friday.

ST. PAUL republicans expect to carry every ward in that city at the coming election. They have set their mark high.

A BILL has been introduced by Senator Clapp to authorize the authorities of Crow Wing county to construct and maintain a bridge across the Mississippi river between Pine river and Dean brook.

ST. CLOUD's city council has thrown out the vote of the First and Seventh wards of that city because of alleged irregularities of the judges and clerks of election. This increases Robinson's majority for mayor from one to 102.

THE chaplain at the Stillwater penitentiary has had his salary reduced from \$1,200 per year to \$5 per Sunday when on duty by the state board of control. It is not known whether the value of the sermons will be reduced accordingly or not.

IN Kansas the supreme court has decided that the counties must reimburse the joint keepers whose places of business were destroyed in the Carrie Nation crusades. The counties ought to have protected the property, even if the property was used for illegal purposes. Because a man is violating a law in a house, no mob has a right to destroy that house.

NEW PRESBYTERY MAY BE ORGANIZED

On Account of the Growth of Central Minnesota Presbytery, May be Divided.

SESSIONS ADJOURNED TODAY.

Delegates are Elected to the General Assembly Which Meets in New York.

The Presbytery which has been in session at the First Presbyterian church for three days, adjourned this noon. The next place of meeting will be at Sandstone.

Yesterday afternoon reports were heard from committees on foreign missions, education, church erection, ministerial relief and college aid.

The choice of commissioners to the next general assembly meeting in New York, May 15, resulted in Rev. T. H. Clelland, principal, and Rev. A. H. Carver, of Brainerd, as alternate. The principal elder representative is F. A. Watkins Esq., of Carlton, and O. W. Caldwell, of Poplar, Minn., as alternate.

Business was taken up this morning and the hearing of reports of special committees was resumed. Overtures from the general assembly were discussed this morning. Seven of the eight overtures were adopted. The overtures referred to matters of discipline and judicial procedure in the church.

The ordination of the Rev. H. A. Leaty for work in the gospel ministry was the occasion of a very impressive service this morning. The ordination in the Presbyterian church is very impressive. The candidate kneels and the hands of all the brethren are laid upon his head. The Rev. Dr. Clelland offered the prayer of ordination and delivered the charge to the candidate.

Among the other matters of interest discussed was that of a possible redistricting of the Duluth Presbytery. Owing to the rapid growth in central Minnesota the Presbytery has deemed it wise to overture the Synod for the redistricting this section of the state. The plan is to overture the Synod to create a new Presbytery to be composed of the following counties: Cass, Crow Wing, Hubbard, Becker, Clay, Wilkin, Otter Tail, Wadena, Grant and Douglas. This new organization will be known as the Brainerd Presbytery. Many of the delegates were very enthusiastic over the question.

The selection of delegates to the general assembly was one of the most important matters to come before the body. The general assembly will vote on some very important matters and it is thought that the big meeting will be one of the most interesting ever held.

The members of the Presbytery expressed themselves as very much pleased with the entertainment they received at the hands of Brainerd people. A resolution of thanks was passed to this effect. A rousing meeting was held last night, four good addresses being listened to.

WILL HAVE A BAND.

Brainerd Elks will be Accompanied to Little Falls on the Fifteenth By the Marine Band.

The committee who have charge of arrangements for the trip to Little Falls on April 15 report that they are meeting with good success.

It has been decided that the Brainerd Marine band will accompany the Elks to that city and the members of the organization are making great preparations for the event.

Store your Stoves and Household goods with D. M. Clark & Co.

Grand Concert Tonight.

Prof. Heath, of Philadelphia, a vocalist of rare ability, will give a concert this evening in the Presbyterian church. He has been in the city during the sessions of the Presbytery and has rendered some valuable aid in the evening meetings with his singing. The entertainment tonight will consist of plantation songs, sentimental ballads, sacred selections, recitations and instrumental music. Mr. Heath has a voice of rare sweetness, sympathy and power, covering a range of nearly three octaves.

He will sing among other selections, by special request, the "Holy City" and the "Ninety and Nine." The admission will be 15 and 25 cents.

FORGOT BRIDE'S NAME.

A Crow Wing County Man Who Went Down to Little Falls to Get Married Got His Wires Crossed.

Once in a while some rather amusing things happen, even in an uninteresting place as the office of a clerk of the district court, says the Little Falls Transcript. Occasionally a man or woman calls and secures a document that is not wanted but rarely is it a fact that a man secures a marriage license which is of no value to him. It sometimes happens that a man applying for a marriage license becomes confused and secures a death certificate; occasionally it is true that the happy young man becomes so embarrassed and confused that he, for the time forgets the given name of the prospective bride, and sometimes he forgets the age of the young lady of his heart's desire, but it is a very rare incident when a prospective bridegroom becomes so "rattled" as to forget the christian name of the bride-to-be.

Such a thing happened recently in Clerk Brick's office in this city. A prominent young man, who makes his home in Crow Wing county, called at the office and requested a marriage license. The names were given together with the ages of the prospective principals to the affair and the young man departed, seeming to be "the happiest man in Morrison county."

The following day, when Clerk Brick was attempting to dodge some very searching questions of a Transcript representative, in walked the gentleman from Crow Wing. A whispered conversation passed between the two, in the course of which the third party heard the following:

"Well, Mr. Brick, it's no good to me anyway; that isn't her name; here I have been going with that girl for nigh on to three years and then I gave you the wrong one. Oh! yes, we would get married on that."

The joke was too good to keep and after an introduction all around, the Crow Wing gentleman produced a

He Was Making Up a Train When Hit and was Thrown About Twenty-Five Feet.

This morning Bert Roberts, a brakeman on the south end was hit by the engine of the passenger from the south which reaches this city about 4 o'clock and he was quite badly hurt. Those who were present and saw the accident, consider it a miracle that he was not instantly killed.

Mr. Roberts was assisting in making up a train and had just "hooked on" to the caboose. He stepped from between the caboose in the middle of the main track and as he did so the passenger came around the bend. Mr. Roberts fortunately got half way off the track but the engine caught him and he was thrown about twenty-five feet.

He was picked up and taken to the Northern Pacific Sanitarium where his bones were examined. His right arm was badly lacerated but it is not thought any of the bones were broken. He got a bad shake-up and he may be hurt internally.

THE GREAT MCEWEN'S LECTURES.

The Great McEwen, who comes here next week with his marvellous entertainment, is a scientist of high degree. He begins his work each evening with a ten minute's talk on hypnotism. It is well worth every one's time to attend these discourses if for no other reason than to get a scientific outline of what hypnotism is and how it may be employed for the benefit of mankind. It is well known that some of its marvels are beyond the reach of medical science to explain. Mr. McEwen has the whole reduced to a practical theory, easy to comprehend and delightful to listen to. He demonstrates the teaching of his lectures each evening by performing tests with volunteers from the audience, which keep them in a continuous roar of laughter from the start, and further astonishes his audiences by the wonderful and stupendous cataleptical tests accomplished with Nathan Smith, one of the gentlemen of his company, who is the only cataleptical subject in America. Mr. McEwen and his company will be at the Brainerd Opera House for five nights commencing Monday April 14. Prices 25, 50, 75c.

ROSE COGHLAN.

Rose Coglan will shortly be seen here in one of the best and most forceful plays in our language entitled "Forget Me Not," from the pen of Herman Merivale. As the Marquis De Mohrivar, a Cleopatra of the half world, Miss Coglan offers a striking piece of dramatic acting and furthermore is gowned in costumes, which have cost many thousand dollars. Her cast of players is an exceptionally strong one and will compare favorably with the one which was visible in the long run of this play at Wallack's and the Fifth Avenue Theatre in New York, when Miss Coglan's brother Charles appeared in the role of the iron grey hero and captivated feminine New York, while the queenly bearing and superb emotional acting of his sister was winning the admiration of the male portion of the audience.

NEW PRESBYTERY MAY BE ORGANIZED

On Account Of the Growth of Central Minnesota Presbytery. May be Divided.

SESSIONS ADJOURNED TODAY.

Delegates are Elected to the General Assembly Which Meets in New York.

The Presbytery which has been in session at the First Presbyterian church for three days, adjourned this noon. The next place of meeting will be at Sandstone.

Yesterday afternoon reports were heard from committees on foreign missions, education, church erection, ministerial relief and college aid.

The choice of commissioners to the next general assembly meeting in New York, May 15, resulted in Rev. T. H. Clelland, principal, and Rev. A. H. Carver, of Brainerd, as alternate. The principal elder representative is F. A. Watkins Esq., of Carlton, and O. W. Caldwell, of Poplar, Minn., as alternate.

Business was taken up this morning and the hearing of reports of special committees was resumed. Overtures from the general assembly were discussed this morning. Seven of the eight overtures were adopted. The overtures referred to matters of discipline and judicial procedure in the church.

The ordination of the Rev. H. A. Leaty for work in the gospel ministry was the occasion of a very impressive service this morning. The ordination in the Presbyterian church is very impressive. The candidate kneels and the hands of all the brethren are laid upon his head. The Rev. Dr. Clelland offered the prayer of ordination and delivered the charge to the candidate.

Among the other matters of interest discussed was that of a possible redistricting of the Duluth Presbytery. Owing to the rapid growth in central Minnesota the Presbytery has deemed it wise to overture the Synod for the redistricting this section of the state. The plan is to overture the Synod to create a new Presbytery to be composed of the following counties: Cass, Crow Wing, Hubbard, Becker, Clay, Wilkin, Otter Tail, Wadena, Grant and Douglas. This new organization will be known as the Brainerd Presbytery. Many of the delegates were very enthusiastic over the question.

The selection of delegates to the general assembly was one of the most important matters to come before the body. The general assembly will vote on some very important matters and it is thought that the big meeting will be one of the most interesting ever held.

The members of the Presbytery expressed themselves as very much pleased with the entertainment they received at the hands of Brainerd people. A resolution of thanks was passed to this effect. A rousing meeting was held last night, four good addresses being listened to.

WILL HAVE A BAND.

Brainerd Elks will be Accompanied to Little Falls on the Fifteenth By the Marine Band.

The committee who have charge of arrangements for the trip to Little Falls on April 15 report that they are meeting with good success.

It has been decided that the Brainerd Marine band will accompany the Elks to that city and the members of the organization are making great preparations for the event.

Grand Concert Tonight.

Prof. Heath, of Philadelphia, a vocalist of rare ability, will give a concert this evening in the Presbyterian church. He has been in the city during the sessions of the Presbytery and has rendered some valuable aid in the evening meetings with his singing. The entertainment tonight will consist of plantation songs, sentimental ballads, sacred selections, recitations and instrumental music. Mr. Heath has a voice of rare sweetness, sympathy and power, covering a range of nearly three octaves.

He will sing among other selections, by special request, the "Holy City" and the "Ninety and Nine." The admission will be 15 and 25 cents.

FORGOT BRIDE'S NAME.

A Crow Wing County Man Who Went Down to Little Falls to Get Married Got His Wires Crossed.

Once in a while some rather amusing things happen, even in an uninteresting place as the office of a clerk of the district court, says the Little Falls Transcript. Occasionally a man or woman calls and secures a document that is not wanted but rarely is it a fact that a man secures a marriage license which is of no value to him. It sometimes happens that a man applying for a marriage license becomes confused and secures a death certificate; occasionally is it true that the happy young man becomes so embarrassed and confused that he, for the time forgets the given name of the prospective bride, and sometimes he forgets the age of the young lady of his heart's desire, but it is a very rare incident when a prospective bridegroom becomes so "rattled" as to forget the christian name of the bride-to-be.

Such a thing happened recently in Clerk Brick's office in this city. A prominent young man, who makes his home in Crow Wing county, called at the office and requested a marriage license. The names were given together with the ages of the prospective principals to the affair and the young man departed, seeming to be "the happiest man in Morrison county."

The following day, when Clerk Brick was attempting to dodge some very searching questions of a Transcript representative, in walked the gentleman from Crow Wing. A whispered conversation passed between the two, in the course of which the third party heard the following: "Well, Mr. Brick, it's no good to me anyway; that isn't her name; here I have been going with that girl for nigh on to three years and then I gave you the wrong one. Oh! yes, we would get married on that."

The joke was too good to keep and after an introduction all around, the Crow Wing gentleman produced a

He Was Making Up a Train When Hit and was Thrown About Twenty-Five Feet.

This morning Bert Roberts, a brakeman on the south end was hit by the engine of the passenger from the south which reaches this city about 4 o'clock and he was quite badly hurt. Those who were present and saw the accident, consider it a miracle that he was not instantly killed.

Mr. Roberts was assisting in making up a train and had just "hooked on" to the caboose. He stepped from between the caboose in the middle of the main track and as he did so the passenger came around the bend. Mr. Roberts fortunately got half way off the track but the engine caught him and he was thrown about twenty-five feet.

He was picked up and taken to the Northern Pacific Sanitarium where his bones were examined. His right arm was badly lacerated but it is not thought any of the bones were broken. He got a bad shake-up and he may be hurt internally.

The Emigrants Moving Into this County Are Well Fixed Financially as well as Otherwise.

Every day a large number of land seekers arrive in the city from the southern part of the state and Iowa, and it is predicted from the manner in which the business is starting in that the year will show a great record in the real estate business.

One very favorable feature about most of those who are settling in Crow Wing county is the fact that they have money. It is getting to be a regular thing for three or four men a day to walk into one of the banks of the city and deposit large sums of money, while they go out to get located. All seem to have money.

ASSAILS THE LEADERS

SPEECH OF REPRESENTATIVE
SMITH A FEATURE OF RECIPROCITY DEBATE.

FALSE TO PARTY BELIEFS

Republicans Favoring the Measure
Boldly Charged With Being Untrue
to the Doctrine of Protection—Opponents of the Bill Trying to Get
Together on a Plan to Take the
Differential Off Refined Sugar.

Washington, April 10.—The feature of the second day's debate in the house on the Cuban reciprocity bill was an impassioned speech in opposition to the measure by William A. Smith, a Michigan Republican. Senators Spooner and Quarles of Wisconsin and Dolliver of Iowa and a group of Michigan beet sugar manufacturers in the gallery were in his audience and he was liberally applauded by his Republican supporters as he assailed the Republican leaders who were advocating the bill, boldly charging them with being false to the Republican doctrine of protection. He announced that he was willing to vote to overrule the chair in order to support an amendment to take the differential off refined sugar.

Mr. Morris of Minnesota, another Republican who made a strong speech against the bill, also made a similar statement. The other speakers were Mr. Ball (Dem., Tex.) and Mr. Sparkman (Dem., Fla.), both of whom opposed the bill, and Mr. Mondell (Wyo.) who advocated its passage. The Democratic and Republican opponents of the measure are trying to get together on the proposition to take the differential off refined sugar. The indications are that the debate will be protracted. The demand for time to speak is great and there is now no expectation that general debate will be complete until next week.

CHINESE EXCLUSION BILL

Senate Devotes the Entire Day to the
Measure's Consideration.

STIRKERS ARE PERSISTENT.

Tug Firemen at Duluth Want Sixty
Dollars a Month.

Duluth, Minn., April 10.—The persistence with which the striking tug firemen are holding out for an increase in their wages to \$60 per month is given much concern to marine interests at the head of the lakes and it is feared that unless it is soon settled other organizations, particularly the lumber shovels, will strike in sympathy. At a meeting held here Captain W. H. Hill, local manager of the Great Lakes Towing company, agreed to compromise with the tug firemen on a basis of \$52.50 a month until September, when \$60 would be paid. The firemen will consider the proposition. Boats now coming into the local port whistle in vain for tugs and are compelled to land the best way they can.

In an extended address Mr. Turner appealed to the senate to pass the proposed bill, not merely for the protection of the people of the Pacific states but to prevent the entire people from being contaminated by the Chinese.

Mr. Dillingham advocated the re-enactment of the present Geary law. He declared that representatives of the Pacific states had expressed themselves as perfectly satisfied with the operation of existing law, he said, and there was no proper reason for a change, particularly as the change would involve great trouble and expense.

PREPARING TO EVACUATE.

General Wood Directs Abandonment
of Cuban Military Post.

Washington, April 10.—The war department has received copies of a general order of General Wood, directing the abandonment of the military post of Guantanamo, Cuba, and placing the buildings formerly occupied by the rebels in the custody of the rural guard.

Another order gives the distribution of the artillery force which is to be sent in the island to instruct the Cubans in gunnery. The headquarters and band of the artillery force are assigned to station at Vedado. The Twentieth and Twenty-second companies go to Cabana barracks, the Seventeenth and Nineteenth companies to Morro Castle, Santiago, and the Twenty-third and Twenty-fourth companies remain at Santa Clara battery and battery No. 5, Vedado.

BABCOCK AGAIN CHAIRMAN.

Republican Congressional Campaign
Committee Elects Officers.

Washington, April 10.—The Republican congressional campaign committee, at a meeting at which Representative Mercer of Nebraska presided, unanimously re-elected the old officers as follows: Representative Babcock of Wisconsin, chairman; Representative Sherman of New York, vice chairman; Representative Overstreet of Indiana, secretary; Col. W. B. Thompson of this city, treasurer. The chairman was authorized to appoint an executive committee of nine members and to fill any vacancy existing in the membership of the committee. The only vacancy now existing is that of the member from Oregon. The meeting was unanimous and harmonious.

DISHEARTENING FOR BOERS.

British Making Preparations for a
Great Series of "Drives."

Pretoria, April 10.—The British are making preparations for a great series of "drives" on the arrival of reinforcements. The general outlook for the Boers is said to be most disheartening. It is thought here that the bulk of the rebels are only waiting a promise that they will not be banished to come in and surrendered.

Mr. Steyn, the former president of the Orange Free State, who is taking part in the peace negotiations in South Africa, is suffering from severe ophthalmia and is threatened with total blindness.

Rosebery Going to South Africa.

London, April 10.—The Daily Chronicle publishes a rumor that Lord Rosebery is going to South Africa to study the situation there, with a view of submitting his impressions and advice to King Edward.

DISORDERLY STUDENTS.

Cadets in a Kentucky Institution Assault the Commandant.

Lexington, Ky., April 10.—Insurrection at the Kentucky Agricultural and Mechanical college, here, came to a climax, when in the dormitory, Commandant Robert A. McKee was knocked down, deluged with water and egged by a division of cadets. After the evening inspection he was leaving the dormitory when a bucket of water was thrown over him from a second story window. He re-entered the building and ordered the division to fall in. The order was obeyed, but suddenly the lights went out and he was knocked down, pounded with bad eggs and water poured over him. In the morning he resigned and in chapel President J. R. Patterson announced that he would take charge of the military department for the present. Commandant McKee was a captain in the Spanish-American war, and was appointed to this office last September.

A reporter who visited the college to investigate the matter was egged stoned and finally marched from the grounds by a crowd of about 200 excited students. Their reason for so treating him was the objection to the measure being made public. The faculty is investigating the two incidents and endeavoring to learn who were the participants.

ROW AT A BANQUET.

Rivalry Between Telephone Companies
Causes a Riot.

Chicago, April 10.—Rivalry between independent telephone companies represented at the convention of the Interstate Independent Telephone association, caused riotous disorder at a banquet at the Sherman house.

Police were called to preserve even a semblance of order and even their efforts failed for an hour to quiet the banqueters.

During this time fist fights were engaged in and men who attempted to speak were compelled to take their seats after having been made targets for pieces of bread and other edibles. The banqueters climbed over tables and chairs and hauled each other around by the arms.

One of the personal encounters was furnished by J. Irving Pearce, Jr., son of the proprietor of the Sherman house. He had headed a band of hotel employees who attempted to restore quiet. While trying to take one of the men from the banquet room he was jostled by others. He was finally rescued by a policeman.

Washington, April 10.—The war department has received copies of a general order of General Wood, directing the abandonment of the military post of Guantanamo, Cuba, and placing the buildings formerly occupied by the rebels in the custody of the rural guard.

In this fact, it is alleged, is to be found the reason for the purchase by the Atlantic Coast line of the Plant system, which has surprised the railroad world. Should the Pennsylvania secure the two systems they will add a total of 3,970 miles of line, bringing the total to 20,000 miles under one control.

Fear to Establish a Precedent.

Washington, April 10.—The senate committee on foreign relations has considered but did not finally pass upon the bill granting an annuity of \$5,000 a year to Miss Clara Barton for services as president of the Red Cross. Many members of the committee expressed a desire to recognize Miss Barton's services but all hesitated because of the precedent that would be established by one passage of such a bill.

Will Pay No Duty.

Washington, April 10.—Officers and soldiers of the United States army stationed in Cuba have been notified that on the withdrawal of the army from Cuba they will be at liberty to bring to the United States their household goods and personal effects without payment of duties. They are not, however, at liberty to bring merchandise or other articles of a dutiable character.

Was a Niece of Whittier.

Boston, April 10.—Elizabeth Whittier Pickard, wife of Samuel L. Pickard, died at her residence here during the afternoon. Her father was the younger brother of John Greenleaf Whittier, and at an early age she became a member of the poet's household at Amesbury. She was educated at the Friends school.

Captain and Fireman Drowned.

Pittsburg, April 10.—By the capsizing of the towboat, Acorn, Captain Samuel Silvery, a wrecker, and Lee Legg, a fireman, were drowned. The cook, Nora Tromm, was under water while the wreck floated two miles down the river. When found she was unconscious but after hard work was resuscitated.

Kansas City Goes Democratic.

Kansas City, Mo., April 10.—Complete returns of the city election give James A. Reed (Dem.) for mayor, 16,556 votes; John J. Green (Rep.), 16,200; Reed's plurality, 356. The highest Democratic plurality was that of Hugh C. Brady for police judge, 3,076. The council is overwhelmingly Democratic.

Rosebery Going to South Africa.

London, April 10.—The Daily Chronicle publishes a rumor that Lord Rosebery is going to South Africa to study the situation there, with a view of submitting his impressions and advice to King Edward.

ATTACK KING LEOPOLD.

Socialists at Brussels Try to Mob the
Aged Monarch.

Brussels, April 9.—An assault on King Leopold while in his automobile in the streets of the capital during the day was followed at night by rioting socialists.

King Leopold was mobbed by the socialists during the afternoon on his arrival here from Biarritz. The meeting between socialists and the king was accidental. The king's automobile was surrounded by excited socialists who shouted: "Long live the republic!" "Long live universal suffrage," and waved red flags in the king's face.

The socialists had collected at the railroad station to bid farewell to the members of a delegation of Spanish Republican deputies who had attended the socialist gatherings here, and who had participated in Tuesday night's demonstration. The police informed the Spaniards that they must leave Brussels forthwith and the delegates were escorted to the station by a large gathering of socialists, bearing red flags. The king happened to arrive at the same time and had difficulty in getting his automobile out of the crowd, but he finally found an opening and outdistanced his pursuers.

The anti-Catholic agitation culminated in a riot here. A thousand socialists attended a meeting at the Maison du Peuple and afterwards marched to Sennin street, where they stoned the house of a Catholic deputy. The police charged the rioters with drawn swords. Several of the latter were severely injured and twenty were arrested.

BOY KILLS ANOTHER.

Wisconsin Lad Puts Bullet Into His
Playmate's Head.

Plymouth, Wis., April 10.—A 7-year-old son of George Taylor was shot in the head and almost instantly killed by Jackie Siles, a neighbor's boy, 8 years of age, at the Taylor home, 10 miles from here. The two boys were playing with a 22-calibre rifle, when the Siles boy pointed the weapon at the Taylor boy, telling him he was going to shoot. The rifle was accidentally discharged, the ball entering the boy's head near the eye and penetrating the brain.

WANTS Thirty Submarine Boats.

Washington, April 10.—Representatives Cummings of New York has introduced a bill requiring the secretary of the navy to contract for 30 Holland submarine torpedo boats, at a cost not exceeding those now under construction and after one of the boats now being built is accepted by the secretary of the navy.

Receipts Exceed Expenditures.

Washington, April 10.—The largest quarterly receipts in the history of the postal service are recorded for the three months ended January 1 last, figures for which have just been completed. The receipts were \$32,095,621; expenditures \$30,947,131; excess of receipts over expenditures \$1,058,490.

ASSAILS THE LEADERS

SPEECH OF REPRESENTATIVE
SMITH A FEATURE OF RECIPROCITY DEBATE.

FALSE TO PARTY BELIEFS

Republicans Favoring the Measure
Boldly Charged With Being Untrue
to the Doctrine of Protection—Opponents of the Bill Trying to Get
Together on a Plan to Take the
Differential Off Refined Sugar.

Washington, April 10.—The feature of the second day's debate in the house on the Cuban reciprocity bill was an impassioned speech in opposition to the measure by William A. Smith, a Michigan Republican. Senators Spooner and Quarles of Wisconsin and Dilliver of Iowa and a group of Michigan beet sugar manufacturers in the gallery were in his audience and he was liberally applauded by his Republican supporters as he assailed the Republican leaders who were advocating the bill, boldly charging them with being false to the Republican doctrine of protection. He announced that he was willing to vote to overrule the chair in order to support an amendment to take the differential off refined sugar.

Mr. Morris of Minnesota, another Republican who made a strong speech against the bill, also made a similar statement. The other speakers were

Mr. Ball (Dem., Tex.) and Mr. Sparkman (Dem., Fla.), both of whom opposed the bill, and Mr. Mondell (Wyo.) who advocated its passage. The Democratic and Republican opponents of the measure are trying to get together on the proposition to take the differential off refined sugar. The indications are that the debate will be protracted. The demand for time to speak is great and there is now no expectation that general debate will be complete until next week.

CHINESE EXCLUSION BILL.

Senate Devotes the Entire Day to the
Measure's Consideration.

Washington, April 10.—Throughout

the day's session of the senate the Chinese exclusion bill was under consideration. Mr. Hall of New Hampshire and Mr. Dillingham of Vermont opposed the bill and Mr. Turner of Washington supported it. Mr. Gallinger urged that the pending bill was unnecessary, unjust and un-American and was clearly in contravention of our treaty obligations with China.

In an extended address Mr. Turner

appealed to the senate to pass the proposed bill, not merely for the protection of the people of the Pacific states

but to prevent the entire people from being contaminated by the Chinese.

Mr. Dillingham advocated the re-enactment of the present Geary law.

He declared that representatives of the

Pacific states had expressed themselves as perfectly satisfied with the operation of existing law, he said, and

there was no proper reason for a change, particularly as the change would involve great trouble and expense.

PREPARED TO EVACUATE.

General Wood Directs Abandonment
of Cuban Military Post.

Washington, April 10.—The war de-

partment has received copies of a general order of General Wood, directing the abandonment of the military post of Guantanamo, Cuba, and placing the buildings formerly occupied by the

troops in the custody of the rural guard.

Another order gives the distribution

of the artillery force which is to be

kept in the island to instruct the

Cubans in gunnery. The headquarters

and band of the artillery force are as-

signed to station at Vedado. The

Twenty-first and Twenty-second com-

panies go to Cabana barracks, the

Seventeenth and Nineteenth compa-

nies to Morro Castle, Santiago, and the

Twenty-third and Twenty-fourth com-

panies remain at Santa Clara battery

and battery No. 5, Vedado.

WILL ADD TO ITS MILEAGE.

Pennsylvania to Acquire Atlantic Coast
Line and Plant Systems.

General Wood Directs Abandonment
of Cuban Military Post.

Washington, April 10.—The war de-

partment it is stated that the Pennsylvania

interests will soon acquire possession

of the allied Plant and Atlantic Coast

line systems.

In this fact, it is alleged, is to be

found the reason for the purchase by

the Atlantic Coast line of the Plant

system which has surprised the rail-

road world. Should the Pennsylvania

secure the two systems they will add

a total of 3,970 miles of line, bringing

the total to 20,000 miles under one con-

trol.
